

Dear Academy of Art University Students,

Our goal is to keep everyone as safe as possible.

If you wish to be tested for COVID-19, for any reason, (you were in contact with someone who has tested positive, or if you feel any symptoms-see list below), here is what you should know:

If you live in San Francisco, you can get tested if you either:

Have 1 symptom or was exposed to someone with COVID-19 in the past 14 days.

Places to be tested in San Francisco and to book an appointment:

Embarcadero Test Site

City of SF testing site.

Walk-through and drive-through, with an appointment.

Pier 30/32

7 days a week, 8 am to 6 pm.

[Book at Embarcadero](#)

SOMA Test Site

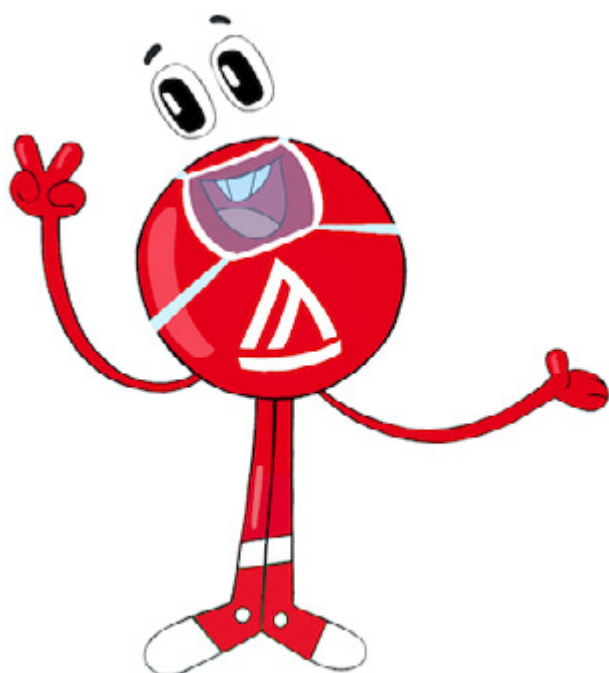

City of SF testing site.

Walk-through and drive-through, with an appointment.

600 7th St.

Monday to Friday, 8:30 am to 4:30 pm.

[Book at SOMA](#)

After your test: you should get your results in less than a week. If you test positive, a City health worker will call you. They will ask about people you have been physically close to. Remember, if you test positive, but are asymptomatic (without symptoms), you may still pass the virus to a healthy person. You must [isolate at home](#) for 10 days.

If your test is positive, you must inform Chris Visslailli, VP, Human Resources; Chair, COVID-19 Task Force at cvisslailli@academyart.edu or call him at 415-618-6525.

Cost and insurance:

Tests at City-run sites are **free** to you. If you have health insurance, your provider will be billed. You do not need medical insurance to get tested at a City-run site. You do not need a doctor's note to schedule a test.

Privacy:

- A photo ID is not needed. You may be asked to show a photo ID, but you can say no.
- The personal info you provide is confidential. Your test result will be reported to your local and state health departments.
- If you shared the name of your doctor, your doctor will also get your results.
- If your test is negative, and you feel sick, [isolate at home](#) for 10 days.
- If you were exposed to someone who tested positive, [quarantine at home](#) for at least 14 days.
- If you don't feel sick and were not exposed, keep following [Stay Home guidelines](#).

For more information on other testing sites, please click here: www.sf.gov/citytests
